Dear Friends:

This part of our 1956 Spring Catalog is designed to tell you about Spring Hill. Peter Bohlander, our grandfather, stayed home in 1849 instead of going West for gold. With the smallest shoestring beginnings he started what is now one of the largest nurseries in America.

During the depression years in the 1930's we decided to specialize in selling direct the nursery stock we grow. With the help of an excellent and experienced staff of employees, hard work, modern equipment, latest techniques, and fertile farms we are producing a large acreage of high quality plants here at Tipp City and selling them direct at big savings to you.

Shop this catalog, compare prices and quality. We will save you many dollars. If possible, visit the nursery and shop in our super market where you can select your own plants or order by mail the easy and convenient way. May we be privileged to serve you?

Our sincere thanks for your patronage.

Add distinction to your garden.

**EVERGREEN DIGGING NOTICE** — All evergreens for shipping will be fresh dug from our field bare root and wrapped in moist peat. Present day delivery and packing costs make it too expensive to ship balled and burlapped. Our experience shows that bare root evergreens deliver better and grow just as well. Balled and burlapped evergreens available at nursery.
